

CRUSHES COACH  
LIKE EGGSHELLDouble Header Freight Collides  
With Passenger.

## TWENTY-ONE PERSONS KILLED

Thirty Others Injured, Several Mortally, in Wreck on the Ligonier Valley Road at Wilpen, Pa.—Cause of the Accident Is Unknown and an Investigation Will Be Made.

Latrobe, Pa., July 6.—Twenty-one persons were killed and thirty injured, several mortally, as a result of a wreck on the Ligonier Valley railroad at Wilpen.

An overloaded passenger coach pushed by an engine was struck by a double header freight train of coal cars, crushing the coach like paper and spreading death and injury to all but one aboard the train.

A majority of the injured, thirty in all, are residents along the Wilpen branch. They were brought to a hospital here or sent to hospitals at Pittsburgh when it was found that they were in a critical condition.

The accident occurred on a branch road running from this place to Ligonier, which is owned by the Mellon interests of Pittsburgh. It had been reported that the line was controlled by the Pennsylvania railroad.

It will take an investigation to determine the cause of the wreck. There seems no person in a position to even suggest a cause.

The passenger train, consisting of the lone coach, carried many persons who had enjoyed a holiday over the Fourth of July at Ligonier, a summer resort. Without a moment's warning the heavy freight plowed into it, splitting the coach into bits. The victims, either crushed or killed instantly, were thrown in all directions. A number were sent flying ahead, only to fall before the onrushing engines.

Many of the passengers were women and children.

## Road's First Fatal Wreck.

Almost every home in Ligonier was affected by the accident. It was a case of relatives or friends either dead or injured. The railroad is an outlet for the mines of the Wilpen Coal company. The passenger train wrecked was the only one in operation. It made two trips a day over the line, which was ten miles in length. Up to now not a life had been lost in any manner and this was made the boast of the officials.

The coach was ripped to pieces. All the occupants were hurled to the roadbed. Some fell in the path of the onrushing engines, while others were partly imbedded in the cinders and crushed stones beside the rails.

The first engine of the freight train stopped soon after tearing through the passenger train, turned half way around and fell over on its side. Engineer McConaughy was scalded to death, while his fireman, George Byers, jumped only to fall on the track and met death under the wheels.

Farmers near the scene of the accident and workmen employed at a race track in the vicinity were at the wreck within a few minutes. Messengers were started at once to Ligonier, while the others were busy getting the dead and injured clear of the wreckage. An hour and a half after the accident physicians, nurses and railroad officials had reached the scene. From that time on the work of rescue and tending to the suffering was effective.

The Pennsylvania railroad, of which the Ligonier is a branch, sent a special train from Pittsburgh to Latrobe to take some of the injured from the overtaken hospital here to Pittsburgh. The action was timely as the facilities here were exhausted.

To obtain a connected story from any of the victims was next to impossible. Only one person on the train escaped without injury. He was a railroad employe and was too busy to talk.

## PEOPLE MAKE CONSTITUTION

Marshall's Indiana Document Held to Be Unconstitutional.

Indianapolis, July 6.—The new Indiana constitution, as drafted by Governor Thomas R. Marshall and adopted at the last session of the legislature, was declared unconstitutional by the Indiana supreme court. The court held that the right to change the constitution lies with the people and that the amendments should have been submitted to a constitutional convention instead of the legislature.

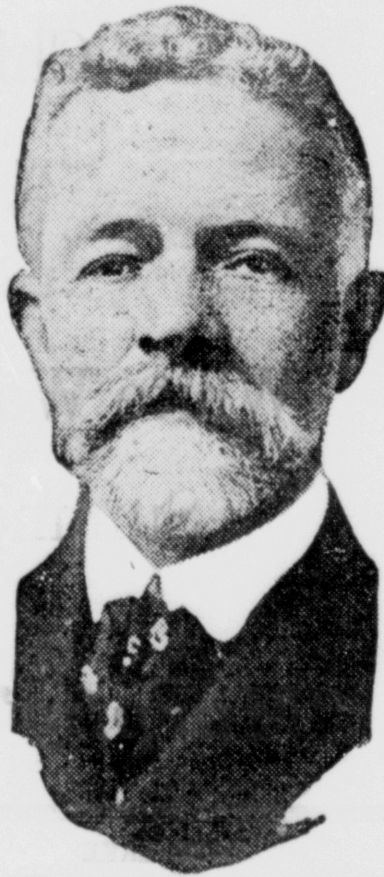

## HEAT CAUSES SEVEN DEATHS

Number of Chicago People Also Bitten by Mad Dogs.

Chicago, July 6.—Seven dead, a great many prostrated and a number bitten by heat maddened dogs was the summary in Chicago at the close of the hottest day thus far this year.

Excessive humidity, registering above 80, and a maximum temperature of 92 degrees, resulted in great suffering. Thousands of people in all parts of the city slept out of doors, on roof tops and in the parks. Lake steamers were crowded with people seeking to escape the great heat in the city.

## SENATOR LODGE.

Dissents From MacVeagh's  
Statement About Andrew.

## SAYS HE WAS EFFICIENT

Senator Lodge Vigorously Defends  
A. P. Andrew.

Washington, July 6.—Senator Lodge vigorously dissented from Secretary MacVeagh's statement that his former assistant in the treasury department, A. Piatt Andrew, was asked to resign because he was inefficient.

"The statement of Mr. MacVeagh that A. Piatt Andrew was inefficient is absurd," was Senator Lodge's comment. "I know of him as a professor at Harvard and President Eliot recommended him to the national monetary commission as a trained political economist and linguist."

## CALLS IT CLOSED INCIDENT

Taft Won't Take Up Andrew's  
Charges With Cabinet.

Beverly, Mass., July 6.—President Taft explained to callers that as far as he is concerned the row between Secretary of the Treasury MacVeagh and A. Piatt Andrew, the assistant secretary, who resigned, is a closed incident. He has no intention of discussing in detail at cabinet meetings next week the charges made by Mr. Andrew.

The president was said to have taken the position that Mr. Andrew clearly disobeyed orders by going to Chicago to attend the Republican national convention after he had been informed by Mr. MacVeagh that the two other assistant secretaries and Mr. MacVeagh himself would be away from Washington at that time.

## MACVEAGH WILL NOT QUIT

Denies Indicating to President Intention  
to Resign.

Dublin, N. H., July 6.—Secretary of the Treasury Franklin MacVeagh denied reports that he had indicated to President Taft a determination to leave the cabinet next March, regardless of the result of the coming election.

"The matter has never come up in any conversation that I have had with President Taft," the secretary said. "And you may say that the reports are untrue."

WORKING AGREEMENT  
COMES TO SUDDEN ENDProgressive Republican and Democratic  
Senators Split.

Washington, July 6.—The working agreement between the Democratic and progressive Republican senators is at an end. It has been abrogated as the result of conferences ever since the metal bill was passed in the senate by the Democrats in the absence of the regular Republicans and without the aid of the progressives.

The probable result will be that the house sugar and wool and excise bills will be presented to the senate and voted down by a strict party vote. All the Republicans are expected to vote against them and it is probable that some of the Democrats will join them in opposition to the house sugar bill, which would admit sugar free of duty.

Following the passage of the metal bill the Democrats appointed a committee to confer with the progressive Republicans regarding future co-operation. Finally the Democrats of the committee were notified that they could expect no further co-operation because of the impossibility of getting consideration of the progressive measures.

Passes Amended Naval Bill.

Washington, July 6.—The naval appropriation bill, carrying \$133,669,674 and provisions for two battleships, was passed by the senate. It now goes to conference with the house to thresh out the naval increase program and other senate amendments.

## Free and Equal.

Gabe—All men are born free and equal. Steve—Yes, but that lasts only about ten days.—Cincinnati Enquirer.

AFTERMATH OF  
THE CONVENTIONChamp Clark's Friends Blame  
Bryan For His Defeat.

## SPEAKER HAD A MAJORITY.

Nebraska's Dramatic Stand Was What Won For Wilson, Who Made an Uphill Fight That Was Bound to Succeed in the End if the Warriors Could Hold Out.

By ARTHUR W. DUNN.

Washington, July 6.—[Special.]—In the Baltimore convention aftermath men with "ifs" are now telling all about it. Of course it has been generally conceded that if it had not been for Mr. Bryan's entry into the convention at Baltimore in such a dramatic manner Champ Clark would have been nominated for president in place of Woodrow Wilson. That is quite possible. No one knows better than Champ Clark and his friends that Mr. Bryan was instrumental in bringing about his defeat.

It is said that if Mr. Clark's friends in the convention had voted for Bryan for temporary chairman Clark would have been nominated on an early ballot. That is a doubtful if, because it is quite likely that a hundred eastern delegates or more would never have been for Clark if his friends had permitted Bryan to be temporary chairman. But the punishment of Champ Clark for what his friends did was rather hard.

A Story of Tom Marshall.

Thomas Riley Marshall, the Democratic candidate for vice president, has traveled so often up and down the state to political meetings, lodge gatherings, conferences, picnics and barbecues that he is a familiar figure to every station agent at every railroad junction in Indiana, and there are hundreds of them. Every place he stops he picks up a new story to tell at the next station, and Tom Marshall's yarns are repeated from Peru to Posey county and from Terre Haute to Fort Wayne.

On one of these periodical railroad "jogs," as he terms them, the train stopped at every station for 100 miles across the northern part of the state at the rate of a mile a station.

A woman who had been much interested in the understanding which seemed to exist between the conductor and engineer turned in her seat at the forty-eighth station to find herself face to face with Marshall. Something in the northern Indiana droop to his luxuriant mustaches or the humorous twinkle in his eyes impelled her to speak.

"Excuse me, sir," she said, "but could you tell me what the conductor means when he sticks his arms up like that to somebody up ahead there?"

Mr. Marshall's reply was conditioned somewhat by the fact that he was getting "all fired" tired of the trip and wasn't going to have a chance to get out until the seventy-fifth station.

"That's the conductor's way of telling the engineer what he thinks of him," responded the lawyer. "He is saying in arm language, 'You long-legged, freckle-faced, lop-eared, homely galoot, go ahead!'"

"Thank you," said the woman, turning back to her original position.

When Lawyer Marshall reached his station he felt that he had been rude to the woman, and as he got up to go out he stopped at her side and said:

"Sorry I spoke to you the way I did. You don't know me perhaps, but my name is Tom Marshall, and I have to live up to my reputation as a humorist."

Saying never a word, the woman reached out her arm and gave the conductor's signal to go ahead.

## Bitter Reproaches.

If the delegates of the defeated candidates could infuse into their friends at home the bitter feeling they have acquired as a result of the Baltimore convention it would seem that the nominee could not think of being elected. Bitter reproaches have been passed back and forth, and personal enmities created between men who were lifelong friends. There are men who will never forgive each other for what happened in the Baltimore convention, and if the ticket should be defeated it will cause still more recrimination after the election.

## Champ's Majority.

It was rather hard on Champ Clark after having a majority of the delegates to lose that majority and see his chief rival pass him. It was a bitter dose for his supporters to see the Wilson men creep up slowly, but surely, picking off delegates here and there, first from Clark and then from Underwood, making an uphill fight of the kind that meant success if they could hold out.

## Stanch Underwood Men.

There are many men who attended the convention who believe that there was a time when the Underwood supporters could have made it possible to nominate Champ Clark, but those Underwood men were stanch and firm in their belief that their man was the one to nominate and never would let go.

## Unanimous.

"Did the specialists decide on anything in Banks' case?" "Oh, yes; on their fee."—Baltimore American.

## WILLIAM G. M'ADOO.

May Become Treasurer of  
the Democratic Committee.

## WILL STAY IN THE PARTY

California Progressives Intend Fight  
ing for Roosevelt.

Sacramento, Cal., July 6.—A conference of California progressive Republican leaders with Governor Johnson here resulted in a decision, it was authoritatively stated, to make the fight for Roosevelt in California under the designation of the Republican party. Efforts now will be directed toward the election of progressive candidates for state senate and assembly, as they will comprise the delegates to the state convention to be held here Sept. 24, three weeks after the primary election. In addition to the drafting of a platform this convention will choose the slate of presidential electors.

IOWA POSSE SHOTS  
DOWN BANK ROBBERBandit Wounds Cashier and  
Secures Small Booty.

Mount Pleasant, Ia., July 6.—The lone bandit who entered the Rome Savings bank in the town of Rome, shot and slightly wounded Cashier F. W. Hileman and escaped with several hundred dollars in cash, was shot and killed by a member of the posse which had been scouring the country in automobiles for several hours in search of the robber.

The bandit, who scarcely was twenty years old, had been living with relatives here for several months. He was overtaken by the posse several miles south of here. He was riding a horse and on seeing the approaching automobiles turned in his saddle and opened fire. A running fight ensued.

The bandit was well supplied with ammunition and for some time succeeded in keeping far enough ahead of the automobiles to avoid being struck with the volley of bullets and at the same time return the fire. He pumped the bullets from his automatic revolver, several times reloading it as he raced down the country road.

When only a short distance ahead of the automobiles the bandit threw both hands to his breast and tumbled from his horse. An examination showed that he had been shot through the heart.

The stolen money was recovered and the body taken to Mount Pleasant, where identification was made.

## KILLS FOUR AND HIMSELF

Man Infatuated With Young Niece  
Slays Her Family.

Dawson, Y. T., July 6.—Eugene Vaglio, forty-five years old, killed his brother, John Vaglio, proprietor of the Central hotel; his brother's wife, and their two children Rosa, sixteen, and Christina, nine, and then committed suicide.

Eugene Vaglio was infatuated with his niece Rosa and had been forbidden by her parents to enter the house. The murderer went to the hotel with two pistols and a dagger. He found Mrs. Vaglio in the kitchen, followed her to her bedroom and shot her there. The husband was killed in bed. Christina rushed to the door and was shot down and Rosa was slain in bed.

The murderer then cut his own throat with the dagger and blew out his brains with a pistol shot.

## JARRED FROM THEIR SEATS

Two English Army Aviators Fall to  
Their Death.

Salisbury, Eng., July 6.—Two more lives were sacrificed to the science of aviation. Captain E. B. Lorraine of the Grenadier guards and Sergeant Major Wilson were instantly killed while flying in an army aeroplane near Stonehenge. One of the side planes became warped and the aeroplane turned turtle.

Both men were jarred from their seats and fell 400 feet, being instantly killed.

CANDIDATE HAS  
IMMENSE TASK

## MOTHER AND TOTS PERISH

Parent Dies in Effort to Save Her Two  
Children.

Rye, N. Y., July 6.—Mrs. A. Ross and her two children, a boy of twelve and a girl of ten years, were drowned in Long Island sound near their home here. Mrs. Ross lost her life in a vain attempt to save the lives of her children.

Returning home late at night after spending the day on an automobile trip Mr. Ross found the bodies of his wife and children on the beach where they had been left by the receding tide. They were clasped in one another's arms.

## SCORES LABOR CONDITIONS

Federal Bureau Submits Report on  
Lawrence Strike.

Washington, July 6.—Labor conditions in the big textile mills at Lawrence, Mass., are subjected to a drastic criticism by the federal bureau of labor in its report to the senate on the textile workers' strike in that city last winter.

The report made no recommendations, but it stated that "in order to live the father of a family must add either his wife or child to the mill's roll of wage earners," and that the average pay received by 21,000 employees during a week late in 1911 was \$8.76, probably reduced during other weeks by lack of work.

## Minister Is Drowned.

Winona, Minn., July 6.—Rev. Joseph Johnson, twenty-five years old, student minister in charge of the Lutheran missions in Minneka and Weaver, Winona county, and Millville, Washburn county, was drowned while swimming in White Water creek, near Weaver.

## Duluth Laborer Slain.

Duluth, July 6.—Tom Kallier, twenty-eight years old, a laborer, is dead and Emil Lindholm, twenty-nine years old, married, also a laborer, is in central police station, charged with murder in the first degree, the result of a stabbing affray which followed a dispute in a saloon.

Governor Wilson Begins Reply-  
ing to 10,000 Missives.

## M'ADOO CALLS ON NOMINEE

New Yorker Is Mentioned in Connection With the Treasurership of the Democratic National Committee. Wilson's Mail Is Burdened With Requests for Speaking Engagements in Many States.

Seagirt, N. J., July 6.—Governor Wilson spent a busy day. During the morning he had a long conference with William G. McAdoo of New York, whose name has been mentioned in connection with the treasurership of the Democratic national committee. In the afternoon he received a number of visitors and at dinner United States Senator O'Gorman of New York was his guest. Neither Senator O'Gorman nor Mr. McAdoo would discuss their conferences with the governor except to say they concerned the coming campaign.

Governor Wilson began to answer personally, if possible, each of the 10,000 letters and telegrams he has received since his nomination.

He dictated a hundred letters, but with a corps of extra stenographers, who have been summoned to pitch tents on his lawn, the governor hopes to make greater impressions on his voluminous mail before his departure for Chicago to attend the meeting on July 15.

The only trip the governor will take before then will be to Atlantic City next Wednesday to welcome the national convention of building and loan associations.

If the time permits the governor will stop off in Indianapolis on his way to Chicago to visit his running mate, Governor Marshall.

The latter amused Governor Wilson not a little with a telegram reading: "May Seagirt, N. J., go down in history with Seagirt Salamis. Fully one-tenth of my messages promise Republican support to the ticket."

Salamis is a seagirt island in the Gulf of Aegina, near which the Greeks under Themistocles gained a memorable naval victory over the Persians in 480 B. C., and of which Solon and Euripides were natives.

The governor's mail was burdened with requests for speaking engagements in many states. Thomas C. Burke of Oregon, a brother of Governor Burke of North Dakota, called to pay his respects and remind the governor of the desire of people in his section to hear the nominee. Maurice Connolly of Dubuque, an Iowa delegate who is a candidate for congress, asked Governor Wilson to speak in Iowa and if possible in his district.

## AGAINST NEW PARTY PLAN

Senator Cummins of Iowa Issues  
Statement.

Washington, July 6.—Senator Cummins of Iowa, progressive Republican candidate for the presidential nomination at the Chicago convention, formally declared against the new party movement led by Theodore Roosevelt and announced his allegiance to the old party.

In so doing Mr. Cummins declared that bosses could not be escaped by organization of new parties. He said that to those Republicans who, after intelligent inquiry, conclude that President Taft's nomination was the result of fraudulent votes, "the nominee of the convention is not the nominee of the Republican party." He pointed out, however, that disappointment or individual dishonesty cannot be a foundation of a new party.

## CONGRESSMAN MALBY DEAD

New Yorker One of Republican Old  
Guard.

New York, July 6.—George R. Malby of Ogdensburg, N. Y., representative in congress from the Twenty-sixth New York district, was found dead on a couch in his room at a hotel here. The coroner was notified and an inquiry into the cause of death was instituted.

While it was not immediately determined it was understood to be from natural causes.

Representative Malby was one of the old guard among the Republicans of the house.

## TO SUSPEND MONEY INQUIRY

House Members Fear Continuation  
Might Hurt Both Old Parties.

Washington, July 6.—Investigation of the money trust probably will be virtually abandoned until after the elections in November as the result of a conference of the subcommittee of the house banking and currency committee. While it was said no definite decision has been reached it was discovered that the majority of the members believed a continuance of the inquiry through the summer would be unwise.

It was held that to inject such an important investigation into national politics not only might have serious consequences, but that, being double edged, the damage might be done to both parties in the campaign.

"Fatty" Woods carried away the  
prize at Little Falls on the Fourth,  
having the most comical costume.  
He won \$2.

The Eagles last night removed  
from the Iron Exchange building to  
Elks hall, W. J. Lyons superintending  
the work.

Safety razor blades resharpened at  
30c per dozen. Work guaranteed.  
D. M. Clark & Co. 20tf

Phillip Betzold, a farmer of Long  
Lake township, has returned from  
Rochester where he was at the Mayo  
Brothers hospital.

Large line of kodaks and supplies.  
Printing and developing done  
promptly and at reasonable prices.  
Skauge drug store. 1t

Mrs. W. H. Mantor returned this  
noon from a week end sojourn at  
their cottage, "Fernridge," at Ser-  
pent lake near Deerwood.

H. J. Prescott, who has been a  
clerk at the Ransford hotel, has gone  
to Duluth where he has assumed the  
stewardship at the Holland.

**What do you smoke?**

**The LaLinda**

They suit me.

The Skauge drug company has in-  
stalled a very comfortable and in-  
viting ice cream parlor in the drug  
store. It is being liberally patron-  
ized.

C. T. Watson, an engineer of the  
Soo railway, is building a residence  
at Crosby Beach, the residence sub-  
division situated on the southwest  
shores of Serpent lake.

Schmidt's bottle beer, famous for  
quality. Order a case. Telephone  
164. John Coates Liquor Co. 208tf

J. P. McKee of Tappe, N. D., and  
F. A. Reinhardt, of Missoula, Mont.,  
are visiting at the home of the lat-  
ters parents, Mr. and Mrs. Otto Rein-  
hardt, of South Pine street.

H. M. Hanna, Jr., of Cleveland,  
Ohio, and J. D. Ireland, of Duluth,  
general manager of the M. A. Hanna  
Co. on the Minnesota ranges, visited  
the Barrows mine at Barrows.

Cutest thing yet—Poodle Dog!

Lawrence B. Caleb, special agent  
of the "Nomia" company of the  
great Patterson shows, arrived in  
Brainerd Friday to attend to ar-  
rangements for his attraction at the  
coming carnival, July 8 to 13.

The Rev. Dr. Edgar K. Copper, of  
Duluth, came in on the noon train  
today. He will meet the officiating  
of the church at 8 o'clock tonight at  
the church, and occupy the pulpit on  
Sunday morning at the First Meth-  
odist Episcopal church.

The F. W. Palmer Piney Ridge Sum-  
mer Resort. Newly refurnished. NOW  
OPEN FOR BUSINESS. Ideal place  
for Brainerd automobile parties to  
spend the week end. Located 5  
miles east of Jenkins. Pine roads.  
1mf

Mrs. James Dunlap, a former res-  
ident of Brainerd now residing at  
Staples, attended the funeral of her  
father in Maquoketa, Iowa, the lat-  
ter's death occurring June 15. Her  
many friends in Brainerd sympathize  
with her in her sad bereavement.

J. C. Clausen has the contract  
erecting a seven room house, two  
stories in height and 26 feet square,  
on East Oak street near the railway  
crossing. It is being constructed on  
a high foundation which brings it to

the level of the street. The house  
will be of modern construction and  
will do much to improve this sec-  
tion.

**GOVERNMENT WINS** decision in  
demurrer in great land suit against  
S. P. R. R. Sweeping victory for  
government. Final decision will af-  
fect 14,250 quarter sections value  
\$75,000,000. Prepare yourself for  
final outcome. Send 25 cents today  
for detailed information, maps, de-  
scriptions of lands, etc. Douglas  
County Abstract Co., Roseburg, Ore.  
29t3s

Billy Vernon, the popular singer  
who was first at the Empress and  
later at the Grand, has severed his  
connection with the latter theatre and  
has established on the second floor of  
the Sleeper block a pressorium for the  
cleaning, repairing and pressing of  
clothing. Mr. Vernon is a tailor who  
learned his trade in the best shops  
of England and no better comment  
can be made about Billy than to say  
that he's every bit as good a tailor as  
he is a singer. His many friends  
wish Mr. Vernon success in his busi-  
ness.

Old Pilsner style Brainerd beer.  
Famous for quality and purity. De-  
livered to any part of the city. Phone  
213. 259tf

Crosby had a squad of special po-  
lice on duty the Fourth and the  
mayor, Capt. Anderson, saw that or-  
der was observed. With the large  
crowd on hand there was no trouble  
of any kind. Some turbulent spirits  
who wished to start something were  
squelched so quickly that they did  
not know what happened. W. A.  
Gulth was the man who started the  
races at Crosby and yelled: "One,  
two, go." H. C. Bailey kept after  
the band and made them earn their  
money. Ed. Krueger kept tab of the  
winners in the races. Charles S.  
Roulo wrote out the checks. George  
H. Crosby had a flag pole 106 feet  
high placed in position on a com-  
manding situation at his summer  
residence on the lake. The ball on  
top of the pole measures 14 inches.  
The flag is 20 by 30 feet in size. It  
is clearly visible from the car win-  
dows of passing Northern Pacific  
railway trains.

**Notice—Pay Up**

All those indebted to me will  
please settle accounts with my repre-  
sentative, my son Edward McCabe,  
502 South Fifth St.  
P. E. McCABE.

**CHURCH NOTICES**

Presbyterian church—  
Morning sermon: "The Great  
Question." Evening sermon: "The  
Desired Haven."

First Methodist Episcopal church—  
Morning, the Rev. Edgar K. Cop-  
per, D. D., of Duluth, will occupy the  
pulpit. Evening, the pastor will  
preach on "Days That Try the Souls  
of Men," first in a series of ad-  
dresses from the book of Proverbs.  
Special music.

Zion Evangelical church—  
Capt. Richter, of the Salvation  
Army, will preach at the Zion Evan-  
gelical church on Sunday evening.  
There will be Sunday school in the  
morning as usual. Rev. A. Zabel is  
attending a camp meeting at Deer  
Creek and will return Monday.

First Baptist church—  
The morning sermon will be on  
the subject, "The Growing Christ-  
the Dying Self." The Lord's sup-  
per will be observed at the close of  
the morning service. All members  
are especially urged to be present.  
Evening subject: "The Power of  
Little Things." A cordial invitation  
is extended to all.

**CROSS LAKE**

David Erickson went to Brainerd  
Tuesday.

Frank Gordon, our assessor, re-  
turned the assessor's books last Tues-  
day.

Overseer Allen had a crew of men  
at work on the Jenkins road three  
days last week.

H. A. Cochran sold a 275 pound  
hog to W. H. Jenkins last week.

There was a heavy rain just north  
of Pine lake Saturday, while the rest  
of us went dry.

Mrs. Anna Frost, of Brainerd, came  
to Watertown Tuesday in response to  
a telephone message, saying that her  
daughter Georgia, was ill. She  
found her better than she expected.  
The hot weather is drying the way  
on the stalk.

Miss Ethel Quinn, of Brainerd,  
closed a successful term of school in  
Dist. 99 Thursday, and Friday there  
was a school picnic. The teacher  
found that she must take the stage  
for Pequot at noon, and it was 11:20,  
so taking old Belle and the light  
wagon, they started for Adrian's  
picked up Peter and the trunk on the  
way, which made quite a load for two  
well grown women and a trunk with  
Peter who is no infant, and the road  
rough and sandy. But the way old  
Belle ate up distance was fierce.  
They got there O. K. but the stage  
was gone, but just across the bridge  
they saw it and Peter's wild whoops  
and frantic gestures with the help of  
some fishermen, held up the stage  
not to relieve it of its cash, but to  
add two passengers to its care.

Mrs. Artie White was visiting her  
sister who just closed a term of  
school in Dist. 99 and returned to  
her home with her on Friday. She  
says the ride they took beat John  
Gilpin's.

**AUTO WRECK NEAR DULUTH**

Two Women and a Man Are Instantly  
Killed.

Duluth, July 4.—Life was instantly  
crushed from the bodies of Mrs. Wil-  
liam White of Duluth, Miss Gladys  
Richardson of Bridgeport, Conn., and  
Langford Maddigan of Duluth, the  
last named a chauffeur, on a country  
pike near Duluth, when a touring car  
in which they were returning home  
skidded from the road and overturned,  
pinning its occupants beneath.

William White, Jr., was seriously in-  
jured about the back and is at a Du-  
luth hospital. Miss Nannie Turrah,  
daughter of Henry C. Turrah, a lum-  
berman, was severely shocked and  
lay apparently lifeless at the roadside  
until carried to a nearby farmhouse,  
where she was resuscitated.

Charles W. Fitzgerald, the sixth  
member of the party, was thrown  
clear of the wreckage and escaped  
without injury.

**DUE TO DEFECTIVE RAIL**

Commerce Commission Gets Report on  
North Dakota Wreck.

Washington, July 4.—The experts of  
the interstate commerce commission  
have filed their report on the wreck  
on the Great Northern railway near  
Sharon, N. D., Dec. 30 last, and they  
express the opinion that the derail-  
ment of the train, which was known  
as the Oregonian, and which left St.  
Paul at 10:45 p. m. Dec. 29, was due to  
a split rail, the split being due, it is  
said, to a defect in manufacture.

The wreck caused two deaths and  
the injuring of seventeen others. The  
entire train was derailed with the ex-  
ception of the engine and tender.

**Lovers' Presents in Spain.**  
Spanish lovers present their fiancées  
with fans on which they have written  
the most impassioned poetry, embroid-  
ered garters with love mottoes woven  
to silk and innumerable boxes of  
sweets. Engagement rings are not  
given, the bride elect receiving instead  
a gold medal, which she wears sus-  
pended from a chain around her neck.

## BRAINERD WINS THE BALL GAME

Little Falls Defeated Before a Record  
Breaking Crowd on the  
Fourth

### TWO BANDS IN ATTENDANCE

Little Falls Transcript Account of the  
Great Game Which Beat  
Them 3 to 2

ASSOCIATION AVERAGES	
Won	Lost
Brainerd	8 2 800
Benton County	6 2 750
Little Falls	5 4 556
Royalton	3 7 300
Crosby	2 7 222

Little Falls showed its hospitality in every possible way Thursday, even allowing the Brainerd aggregation to win the ball game and carry home 60 per cent of the gate receipts. The game started out auspiciously for the locals as Thiels, the first man to bat, drove the ball high over the score board. The new ground rules which were adopted for the first time only allowed him two bases instead of the home run he would have formerly been entitled to. He was sacrificed to third by Howard but Greisch hit into a double play and the inning ended with no runs. In the second a hit by Cook, a sacrifice by Templeton and a bad throw by Thiels resulted in one run for the up river aggregation. After that no scores were made until the fifth when hits by Lauerman and Berg and two errors by Brainerd players gave the locals two tallies. Little Falls remained in the lead until the seventh when three hits brought the Brainerd players two runs, putting them in the lead. Little Falls tried hard to regain the lead but was unable to do so and the game ended with the score 3 to 2 in favor of Brainerd.

Neither pitcher attempted to make any strike out records but both twirled consistent ball and except for one inning kept the hits well scattered. Little Falls' chances to score were twice ruined by fast double plays and there were numerous occasions when a hit would have meant runs.

The crowd was the largest that ever attended a ball game here, numbering 1,250 and the field was surrounded with spectators. Both the Brainerd and Little Falls bands were in attendance and several hundred Brainerd fans were present and went wild with joy when the last Little Falls man was put out.

### NOTES OF THE GAME

The game played at Little Falls on the 4th by the league teams of the two places was one of the fastest ever seen in these parts.

The battery work of Brainerd was of the big league variety and was only a part that goes to bring home the games. Roderick excelled himself behind the bat going into the stands twice for fouls catching all that he went after but dropping one after colliding with the stands.

Cook was also there pitching gilt edge ball and fielding like a short stop one fast ball being knocked down by him which Erickson later fielded making a double play which

otherwise would have gone for a two base whack.

The work of the Brainerd in-field was fast all through and the work of Rogers on first and Murphy on second was way above par.

Kalland showed up well in right and looks as though he was going to start busting the leather on some pitcher soon.

Shefflo was the fielding star taking all the chances without an error and going over into the crowd and getting one that every one thought was impossible. Shef also got a hit and burned the short stop's fingers the second time, thus getting on twice.

Manager Callan was the hitting star going after Dominick for two hits, two sacrifices, in five times to bat, the other time flying out to deep short.

Templeton came late and did not have a chance to work out with the boys, got off the train and got into a suit, and then into the game, and thus was bothered more or less by stiffness from riding.

Dominick by the way, says that Callan is one of the hardest men to pitch to that he ever worked against as he has the habit of leaning over the plate and is able to watch the ball better and see what it is going to do. He also says that he will use the bean ball on him if he doesn't cut it

(Continued on page 4)

## DULUTH BUSINESS MEN TO VISIT

100 Representatives of Various Commercial Interests Will Arrive in Brainerd July 16

IN CITY FROM 3 A. M. TO 9 A. M.

Accompanied by Famous Third Regiment Band—Duluth Men to Visit Local Business Men

About 100 Duluth business men, representatives of various commercial interests at the Head of the Lakes, will arrive in Brainerd July 16 at 3 A. M. on a special train over the N. P. railroad, and will remain until 9 A. M.

They will be accompanied by the famous Third Regiment band, one of the finest musical organizations in the Northwest.

Leaving Duluth Monday evening, July 15, they will travel over 800 miles through the northwestern part of Minnesota, going to International Falls, west to Warroad and Crookston and back to Duluth over the Great Northern. Stops will be made at sixty towns on the route, and the time at each town must necessarily be short, except where it is necessary to stop for the night. They will return to Duluth Thursday evening, July 18th.

The trip was arranged by the Duluth Commercial club so that the Duluth business men might pay a friendly visit to the towns in Duluth's immediate trade territory. The Duluth men want to meet the people and see the towns. They want to establish friendly relations, and cement relations already existing. They want the people in Northern Minnesota to know that Duluth is interested in them, as the prosperity and growth of the towns in Duluth's territory is a direct benefit to Duluth.

Bear in mind they do not come to be entertained; simply to get better acquainted.

By virtue of its position at the head of lake navigation, Duluth is favored by nature for becoming a big distributing center. The city is growing, its jobbing houses are among the best in the northwest, and its trade territory is expanding rapidly. Traffic difficulties which have handicapped Duluth in the past have been largely cleared away. Duluth business interests have adopted the policy of mingling friendship and business and the trips to the towns in its trade territory are the result.

Brainerd people will do well to meet the Duluth boosters and get some of their enthusiasm for their city. At the same time, say a word for Brainerd. The true booster likes to hear the other fellow boost his town.

## EXPLORATION WORK ON THE CUYUNA

Where Some of the Drills are at Work—New Territory Which is Being Drilled

### THREE MINES ARE SHIPPING

Cuyuna-Mille Lacs, Barrows, Adams and Iron Mountain Mining Co. May Ship This Year

Gus Raymond, of Aitkin is superintending a drill for Minneapolis parties in the Clearwater district on the south range.

Two drills are exploring the Ring-hand property on Cedar lake near Deerwood.

Cole & McDonald are running a drill for the Gornam-Garrett people of Minneapolis in section 28, township 47, range 29. It will be an angle hole, one of the deepest drill holes on the range in its entire history.

The shaft on the Brown and Waite property was bottomed in high grade ore in a month's time. This 50 foot test shaft was sunk by Daniel Waite and is the record for quick sinking. The land is owned by David Williams, vice president of the First National bank of Duluth; Will C. Brown and Daniel Waite. It is situated in part of section 18, township 46, range 29.

The Cuyuna-Duluth Mining company, which has been drilling on its property south of the Soo tracks near Cuyuna for the past three years, has recently added another drill. All indications point forward to the location of a shaft which unquestionably will be sunk in the near future.

Deputy Sheriff Claus G. Theorin and wife, of Brainerd, have executed an option contract on their land in the southeast quarter of the southeast quarter of section 35, township 47, range 29 to Nels Anderson, who is given a year's time to drill and pays \$200 for the privilege. If satisfactory to Anderson, he has the right under the option to buy the land at \$15,000.

A drill is in operation at Baxter, a siding three miles west of Brainerd.

The Aloha Mining company, of Minneapolis, of which D. R. Peck is the secretary, is said to have added two more drills to its exploration work conducted in section 27, across the Mississippi river from the town of Barrows.

Assays of ore hoisted at the Cuyuna-Mille Lacs Co. mine north of Ironton run more than 64 per cent. Assays of other ore on the stockpile run as high as 67 per cent. The Cuyuna-Mille Lacs shaft has been enlarged to three compartments and is now 6 by 14 feet. Two 150 horsepower boilers, built by the Imperial Iron Works of Duluth, are being installed. Other shaft equipment has been ordered from the same Duluth concern. Years ago the Northern Pacific railway sold the land where this mine is located at \$5 per acre and today it is glad to get the tonnage to haul from this mine.

Barnard & Fredericks are making rapid progress in their grading of the Cuyuna Northern railway line from Deerwood to the Cuyuna-Mille Lacs Co. mine. Several camps have been established and 300 men will be at work within a few days. The contract calls for the completion of the road ready for the rails by August 15 and the railroad company binds itself to be ready to haul ore from the mine by September 1.

The new line will get the tonnage of the big ore body of the Cuyuna-Duluth iron company on the north end of the townsite of Ironton. It will run past the Armour No. 1 and the No. 2 mines and close to the Thompson and Meacham mines and on to the Cuyuna-Mille Lacs Co. mine. To the north lie the ore bodies being developed by the Iron Mountain Mining Co. which plans to ship some time this year. Near by is the town of Manganese. Other shafts are to be sunk by other companies and there is no question but the line will be extended still further next year.

John LaMont and others have given a mining lease to the Waltham Mining company on lands situated in the southwest quarter of the northeast quarter, the northwest quarter of the southeast quarter of section 10, township 46, range 29.

The steel head frame at the Thompson mine near Crosby is about completed. The mine is in readiness for shipping, should the demand justify it.

C. H. Jones is looking after the interests of the Duluth-Montezuma Mining Co. on the range near Crosby. It is said that some excellent ore has been shown up.

Drilling has commenced on the Dick Wolford farm in section 22, township 47 range 29, just west of the school house.

The Cuyuna & Duluth Mining company is operating a drill in section 30, township 44, range 28, northwest of Cuyuna and near Rabbit lake. The Kennedy mine at Cuyuna shipped 147,000 tons in 1911 and expects to exceed that record this year.

More than five shiploads of Cuyuna ore have gone to the furnaces via the Great Lakes this spring. The ore is of excellent quality.

Everything points to a prosperous season on the range. In addition to the Kennedy mine at Cuyuna and the Armour No. 1 and Armour

No 2 lying north of Ironton and west of Crosby, other mines are expected to ship before the end of the season and they include the Barrows mine of the Virginia Mining Co., a subsidiary of the M. A. Hanna Co., of Cleveland, Ohio, and situated six miles south of Brainerd; the Adams mine 3 miles south of Deerwood and near Oreland; the Cuyuna-Mille Lacs Co. mine north of Ironton; the Iron Mountain Mining Co. mine near Magarese; and the Meacham and Thompson mines near Ironton and Crosby.

Shaft work being done in section 33, township 47, range 29 has reached such a stage that ore will soon be hoisted and a stockpile commenced. The property adjoins Michael Flynn's place north of Ironton.

With the opening of the Armour mines on the Cuyuna range, there has been a material increase in the amount of ore brought to the Superior docks by the Soo line. Cuyuna range ore is being carried at the rate of a 100 cars a day over the Soo. This amount will be still further increased as other mines start shipping. The Kennedy is shipping heavily because ore is being hoisted from the shaft and shot into the waiting cars and at the same time the steam shovel run by Charles Levant, formerly of the Mesaba range, is loading 75 to 80 cars a day. Levant expects to finish clearing away the stockpile within the next two weeks. Then there will be a material reduction of the total daily number of cars shipped.

The Soo Line ore dock on St. Louis bay near Superior is not entirely completed but is expected to be finished this month. In case any of the mines which are to be served by

MISS MILDRED ROMSDAHL

the Northern Pacific ship this year, it is believed the ore will be handled at the Great Northern docks at Alouez. It is thought further that the Northern Pacific has no intention of building an ore dock on its East End property in Superior until the ore shipments from the new range make its construction imperatively necessary.

G. A. Rydberg, of the Iron Range Townsite Co., L. J. Pitts, Peter Johnson, John J. Moe, the West End Duluth merchant; John Wahl, president of the John Wahl Candy company; Martin Falk, the wholesale paper dealer of Duluth, Minneapolis and St. Paul; W. A. Lanctot and John Crawford, of Crookston, T. H. Bertram of Cloquet, and Martin Smith, owner of much real estate in Duluth, are among the incorporators of the Cuyuna Range Iron company which has just been formed. The company has bought for \$25,000 the fractional south half of section 33, township 136, range 26, a parcel of land 251 acres in extent. The property lies close to the land where Patrick Hammel, John Nolan and six associates made a great strike and also adjoins the ore bodies which the Iron Mountain Mining company is developing and the land owned by Michael Flynn.

Minneapolis parties have placed a drill on the Highfield place three miles south of Deerwood. A drill is at work on the Soul property near Bay lake within 20 rods of the store. Another drill at work in the Clearwater district is located on the property of M. K. Swartz of Brainerd.

The pioneer in the development and promotion of the Clearwater district is F. L. Pitt, of Deerwood, who more than a year ago took a dip needle and walked over the territory until he found the location which suited him. He still carries an old map on which he traced the course of the ore as he supposed it would run and his predictions were uniformly correct.

Down in Morrison county it is said Congressman C. A. Lindbergh is financing several propositions for the exploration of ore lands, one tract being situated four miles north of Little Falls.

There is talk again at Ironton that some of the buildings at the north end of the townsite will have to be shifted to make way for the mining work soon to be instituted.

The Foundation company of New York, it is said, will use an ammonia process or freezing plan to

## More New Ratine Hats

A new lot of the popular Ratine hats were received this morning. This lot will sell at \$1.25.

## Hand Carved Ivory Combs

Ivory combs are most popular at present and we are showing a beautiful line of hand carved combs at popular prices.

## About Toilet Soaps

You like a nice toilet soap, of course. We are putting forth our best efforts to supply you with the very best at popular prices.

See the splendid value we are giving you in the boxes of three cakes for 10c. These are displayed on one of our sales tables.

"MICHAEL'S"

### CONCERT POSTPONED

Miss Mildred Romsdahl Will Sing at Norwegian Lutheran Church on Sunday Evening

Owing to the inclement weather Friday evening there was no concert at the Seventh Street Norwegian Lutheran church. It was postponed from that evening to Sunday eve-

## THE GRAND

A comfortable place for high class entertainment. Three shows nightly, 7:30 to 10:30. Saturday Matinee at 3 P. M.

If you don't go to church Sunday Night, go to the Grand Entire change of Program with strong Vitagraph picture "The Prayers of Manueto"

Do you believe in dreams? Prayer and the miraculous intervention of providence led to the accomplishment of wonders and the satisfying of the desire of the soul, extraordinary realization of faith.

"The Culture of Manica and the Making of Tapioca"

Another interesting and well photographed industrial picture of an important industry of the Philippine Islands. This picture is very commendable in its complete showing of tapioca from the root to pudding

Miss Margaret Thompson

Duluth's Most Popular Singer Will be Heard in Two Late Songs

Last Shows Begins at 9:30

ADULTS 10 CENTS

CHILDREN 5 CENTS

KEEN KUTTER  
LAWN  
MOWERS

So light running that your "youngest" can now mow the lawn without help.

KEEN KUTTER Mowers are fast cutting and easy running because of the double gear and the fine ball bearings. A KEEN KUTTER will last longer than any mower on the market and is easily kept keen and sharp. To sharpen, merely reverse the blades and they sharpen themselves. A cheap mower will cost more in the end on account of repairs, will not do the work properly and will require twice as much labor.

Prices, \$6.75 to \$15.00.

Other Mowers from \$3.00 up.

# The Great Patterson Shows

Will be in BRAINERD  
**JULY 8 to 13**

On the Streets  
**16 BIG SHOWS**

Benefit of the  
**Brainerd Parks**

## MUSICAL FEATURE NEXT WEEK

Nomia, Big Attraction, With Patterson Shows, Beginning Monday

With the arrival of the Great, Great Patterson shows in Brainerd next Sunday afternoon, comes "Nomia" with a company of thirty people, performers of noted ability render beauties and gems of song, which embrace what is best and choicest in the realm of music with such style and refinement that make them artistically alluring.

Such headlines as the following go to make up the principal numbers: Violet Allen, that clever and finished artist in "Jungle Band," a number that is indeed well presented by this talented performer, assisted with a chorus of ten, beautifully costumed. Velva Trussel in her spectacular specialty, "If the Wind Had Only Blown the Other Way," a novelty number that is really worth the price of admission in itself.

Bessie Leebe and her chorus of seven girls and seven boys portraying the trials of "Mary Brown" in music. How Mary left the farm to go to the city to study music and her

tribulations in a big city. One number that you will always remember.

Marie Bowen and Jessie Kinnermer in a well balanced act.

The really one big feature of the entire program is that genuinely funny Thespian Duo, Robert Greer, premier black-face comedian, and Arthur Jackson, that acrobatic dancer and singer. This one act is certainly a scream wherever presented.

All in all there are twelve acts and the show lasts one hour and thirty minutes.

Entire change of program Monday Wednesday and Friday.

Every act, every number and every costume is changed.

One thing the management wishes to impress on the minds of the public that is: The performance of "Nomia" caters especially to ladies and children, in fact the best seats are reserved for them. Ladies are given especial attention at the "Nomia Theater."

The cut is an illustration of the beautiful carved wood front of the "Nomia Theater" with its imported Gaviola organ equal to a band of thirty pieces. This organ plays in full view and hearing of the public each afternoon and evening.

## NOTES OF THE GAME

(Continued from page 3)

out, but it will be remembered that he used it on Callan once but he can't keep him away from the old position.

The game on Sunday will be a winner and every fan should turn out and see the boys. It's a pleasure to see Rogers and Murphy play the game around first and second. And then Jake Thielman is the man that pitched winning ball when pitted against no less a master of the diamond than Rube Waddell, the big leaguer.

Manager D. A. Peterson states that if the fans give their assent there will be a special for Deerwood on the Northern Pacific railway to see the game which Brainerd plays at Crosby, July 14. The special will leave Brainerd at 12:30 P. M. and the fare for the round trip will only be 70 cents. At Deerwood the Ingalls Motor Boat Co. boats will take over a trainload across the lake in 20 minutes. They did it the Fourth and showed that day what they can do in the transportation line. The Ingalls boat people will carry the baseball team and the band boys free to Crosby and back. The special will leave Deerwood for Brainerd at 8 P. M. This makes a fine trip and a fine outing and it is believed that many will go. Talk to Manager Peterson before July 14 so he can make arrangements for the special.

The game with Sauk Rapids will be a corker tomorrow. Cook arrived this afternoon and is in fine shape for the Sunday game. Mrs. Cook and their little son accompanied him and they are the guests of Manager and Mrs. D. A. Peterson.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

## What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters gave her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good" writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by all druggists.

**The Room at the Top.**  
"All the lower berths are taken," said the ticket seller. "You'll have to take an upper berth."  
"Of course," grumbled the professor. "There's always room at the top."—Exchange.

**Choice of a Husband**  
is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these ill-hopes by taking Dr. King's Life Pills. New strength, fine complexion, pure breath, cheerful spirits—things that win men—follow their use. Easy, safe, sure. 25c at all druggists.

**Accommodations.**  
Knicker—Where did you stop on your auto trip?  
Bocker—In jail.—New York Sun.

**Mail Carriers Will Fly**  
This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs, colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Suckney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection its unequalled. Price 50c and \$1. Trial bottle free at all druggists. tfs

## FACTS AND FICTION

Experiences of Brainerd Citizens Are Easily Proven to be Facts

The most superficial investigation will prove that the following statement from a resident of Brainerd is true. Read it and compare evidence from Brainerd people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Brainerd endorse Doan's Kidney Pills.

Mrs. J. H. Zellers, 913 Main St., Brainerd, Minn., says: "I never tire of recommending Doan's Kidney Pills, for they have been so beneficial to me. Some years ago I publicly endorsed them and at this time I am willing to do so again. I took Doan's Kidney Pills when I was afflicted with kidney complaint and they gave me prompt relief. One of my relatives who also suffered from kidney trouble, used this remedy with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## TWO SMALL BOYS DROWN

Overtaken Boat Reveals Tragedy to Distracted Mother.

St. Paul, July 4.—An overturned boat floating on Lake Jane, near Oakdale, in Washington county, confirmed the worst fears of a distracted mother that her two small children were drowned.

The two children of Blaise Lewis, John, four years old, and Albert, two years old, were left playing in the farmyard of the Stoddart farm on Lake Jane, while Mrs. Lewis went berry picking. Returning from the berry patch Mrs. Lewis missed the children and a search soon revealed the overturned boat. The bodies of the children were found about fifteen feet from the shore.

**Insect Bite Costs Leg**  
A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25c at all druggists. tfs

# BASE BALL

Big Game

Sunday, July 7th.

at Koering Grounds

Brainerd vs Benton County

Brainerd is playing good ball.

All we ask is, for the fans to stay by us and give us their support. Everybody come to the game, Kindly don't sit on the hill or climb over the fence. The price is only 25c to walk in at the gate.

## Half Holidays.

"No man ought to be asked to work more than eight hours a day," said the reformer.

"Look here," replied Farmer Corn-tassel. "Of course you're entitled to your opinion, but you mustn't come around us farmers in the busy season with a proposition to make every day a half holiday."—Washington Star.

## Bright Pupils.

These are some of the pupils' answers to examination problems:

The countries benefited by the overflow of the Nile are Europe, Asia, Australia and America, because they are not there to be drowned.

The source of the Nile river is its main strength.

Example—A boy paid \$8.25 for a wagon and sold it for \$7.75. Did he gain or lose, and how much?

Answer—He gained on the cents and lost on the dollars.—Kansas City Star.
